Dear Rev. Chester Torpstra  
Here is a letter to let you know about our life.  
Since 1947 until this year we are writing  
for you because we heard that you supposed  
to come on this island, until this year you  
didn't come, so I changed every church on  
Ponape Island, and my teacher on mission school  
of La to let you know that we are needly  
you to come on the beginning of the this year  
please if you can't come this month let us  
know, because we are needly you to come heardy.

Please if I had mistake in it correct it  
your self, because I don't understand how to write  
letter, but I try to write it because I want to  
let you know that we are writing for you  
because we are needly you very much.

Very trally your

Planzo, Filip
